## Daylight Begins to Break

rable Sentiment Aroused for the Suppression of the Liquor Tradic Results in Organization of American Fork Betterment League.

The continued increasing and al- toxicating liquor has ceased. ost open infraction of the liquor hws that has given American Fork Rev. Wildman Murphy at last resulted in the organization of the better element of the community nto what is known as the American Fork Betterment League. Several pre- Popular Local Minister Who Has Been minary meetings have been held, and list Monday evening the organization was perfected at a gathering in the thing office assembly rooms.

Following are the officers: Clifford Young, president; executive commitsen, Ida Chipman, Mrs. Myrtle J. Wal-lon, James Martin, Mrs. H. M. Black-hurst, Mrs. Willes Bromley and Irving

The league starts out with a membership of over forty representative chiens. Its purpose will be chiefly the suppression of the liquor traffic and the moral uplift of the commualty and betterment work in general. The organization will labor to create entiment in favor of obedience to he laws, and will actively support the ocal officials in their efforts to enorce the same.

George Startup, Sheriff Henry East, District Attorney McDonald and Pro-fessor Boyle, all of Provo, were pres-ent and made addresses along proibition and betterment lines. The following resolution was read by Mr. Startup and passed by the

"Whereas, The people of the United States are asking of Congress that all the states be permitted to pass on the reat question of prohibition of iquor traffic, we respectfully ask that you support the resolution proposing an amendment to the constitution inuced by Representative Hobson in the House of Representatives and in the Senate by Senator Shepherd." ,

The resolution will be sent to Senator Smoot and Representatives Howin Congress.

fore adjourning all those present cised the league and pledged them-

Next Monday there will be a public meeting in the City Hall, at which the Provo visitors will be present and make addresses. The general public will be invited and the City Hall, where the gathering will be held, will undoubtedly be crowded to its capacity. The meeting will be Monday evening at 8 o'clock in the City Hall.

## Briggs Pharmacy

Several members of the city council went down to Provo, but there were ould not reach it. On August 3 the court will reset the case, and it may who are interested are perating without a license under the restraining order issued two weeks

The case will involve some intricate suestions never before settled by the Utah courts. The local city ordinance gives th council the right to withhold icenses to those convicted of selling stoxicating liquor, but while the state lay gives the state pharmical board the right to make the druggists' phar mical license, there is no state law giving the city a specific right to withhold a druggist's license to do busi

#### Granite Club Must Vacate

Owner of Adamson Building Hay Promised County Attorney That Club Must Seek Another Home.

The owners of the building in which the Granite Club is doing business have been notified by the county sher le that the Granite Club is a nuisence and must vacate. The county served ried out the owners would be prose The county atterney received a letter from the owners of the build ing that the Granite Club had beet notified to vacate at the earliest pos-sible date. The club officials bay promised to give up the lease, but de mand the usual month's notice Whether the county will grant the request for the delay has not been de cided, but one thing is certain, the

club must move.
It is also given out that if the city does not proceed against the officials of the club for running a nuisance, the county will take up the case.

The county attorney says there is no nuestion but what a conviction may

no question but what a conviction may be had, and now that the cleaning up process has been begun, there will be no let-up till the illicit traffic of in-

## Called to New Field

in American Fork for Past Ten Years Goes to Payson,

On August 17, Rev. Wildman Murphy will give up his American Fork pas-torate and with his family move to Payson. The Utah Presbytery has been after Mr. Murphy for a long time to go to Payson, and he has at last consented to go, believing that the new field, or rather the old field, will enable him to do more good.

Mr. Murphy commenced his work in the ministry in Payson twenty-one years ago. At that time he had charge of the Methodist Episcopal church there. Later he grew to favor the Presbyterian church, and after five years' service in Payson, he went to Eureka as pastor of the Presbyterian church there. Three years later he was called to Provo, and two years later he came to American Fork.

There is a peculiar condition in Payson that makes Mr. Murphy's call particularly appropriate. While there union Neither is the Presbyterian work there in as thriving a condition as it should be. Mr. Murphy being a Presbyterian now, will of course go to Payson to take charge of the Pres-byterian church. The Methodists there are united in asking for Mr. Murphy to come back and promise to join with him in church work. So that with both those in charge of the Methodist mission and the Presbyterian mission calling him back to Payson, he could not resist.

Mr. Murphy expresses real sorrow at leaving American Fork, and the many friends he has made here. The American Fork mission has never been in as prosperous condition as it is at present. He has thoroughly enjoyed his work here. He likes the people and the progressive town spirit feels that it is a good place to live and rear a family.

Mr Murphy's little flock will be sorry to are him go, and the citizens generally will be sorry to loose him. e is an affable gentleman and has always been found working earnestly on the right side of all public ques-tions. He has generally been found Case Postponed, taking an active interest in public affairs, and in questions affecting the moral uplift of the community. He is The case of the Briggs Pharmacy, a good man and a good citizen, and the people of American Fork will be district court Monday, was postponed.

#### TAX LEVY IS LOWERED.

The board of county commissioners be two more months before it is again on Monday fired the far levy for 1914 called up. In the meantime the two at 9½ mills, one-half mill less than last year.

The amount of levy for each of the several purposes is: General pur-poses, 4 mills; county schools, 4 mills; poor and indigent, 1 mill; de-pendent mothers' pension, 3-10 mill; advertising purposes, 2-10 mill.

The levy last year was as follows: General purpose, 48-10 mills; county schools, 4 mills; poor and indigent, 1 mill; advertising purposes, 2-10 mill

#### ELECTRIC CARS TODAY.

The new all-steel electric cars of dan Narrows and the tests proven successful. In all the company has nine elec-

tric cars, two or three of which will be used on the streets of Provo and the others to be run on the main

It is the expectation of the interurban people to have everything in readiness to this city by today, July 24th, so as to operate electric cars between American Fork and Salt Lake

#### TABERNACLE SEATS BEING PLACE!

This week a half dozen carpenters commenced putting the Stake Taber nacle seats together and fastening them to the floor. They came "knockes down" in big crates, and it is no small job to put them together. It is a bir them to the floor, and will require an other ten days before the job is com-

## Today We Honor Pioneers

1 p. m.—The following program of sports will be carried out: For children from 4 to 8 years old these Stoop, farmer in the dell, frog in the meadow, nuts in May, drop the handkerchief, jolly miller, three deep, squirrel in trees, and here we go, too and fro. For ages 8 to 12: Three deep, how, when and where, brush game, jolly miller, high jump (for boys), races (for girls), bluebird, dare base, nuts in May, blind man's bluff, trip around the world, and scissors game. For ages 12 to Greased pole, diving for nickels particularly appropriate. While there fifteen years ago he was pestor of the girls), chalking the pig's eye (boys) ittle Methodist flock. Since his leaving the church has had no regular minister. While in a way the Methodist have united with the Presbyterians, there has been no genuine dash (boys or girls), needle threading race (boys and girls as partners), necktic race (boys and girls as partners), 100-yard dash (boys or girls), sack race (boys), lean-from race (boys). dash (boys or girls), sack race (boys), leap-frog race (boys). For ages 16 years and over, which includes all adults: Tug of war (men), sack race (men), egg race (men and women), relay race (men), potato race (men and women), tub and broom race Ruth and Jacob (men and wamen) peanut race (men and women), hurdle races (men and women), quoits for

Ice cream, cold drinks, popcorn, nuts and candy, etc., can be had on the grounds.

A good time and a day of pleasure long to be remembered is assured to all. Splendid shade, lawn, benches and tables, swings, teeters and many other things for your comfort and on-

Prizes will be awarded all winners in the various games and races. There will be something interesting every minute.

There will also be a big ball game in the afternoon at City Park and a

### New Method of Destroying Atfalta Weevil

Local Farmer Has Successfully Solved Question of Destroying Alfalfa Weevil.

John Steggel, our city street supervisor, has discovered a new method of successfuly destroying the alfalfa weevil that has been devastating the hay crop throughout Utah. His method is simple, inexpensive and thoroughly effective, his neighbors declaring that it is the most effective method

yet evolved. Mr. Steggel's method consists of simply dragging or harrowing the a falfa when it is muddy, or immediate! after it has been irrigated. The de structive little insects are by thi method thoroughly mixed up in the mud, and before they can extricat the interurban have been tried out themselves they are dead. One of Mithis week from Scht Lake to the Jor-Steggel's neighbors, in describing the Steggel's neighbors, in describing the field, stated that after it had best treated it loked barren as a deserand as if it never won'd come on again. However, in a few days the barren field began to look green a the alfalfa grew more rapidly the ever before. For several weeks the reighbors' fields remained barren while Steggel's field grew inxuriant and is now about ready to cut the

second time this season. All kinds of methods have been tric to check the weevil with varying sobath of fire; some have spread a paris green, and others poisonous stances; some have vainly tried drown the weevil; some have ado the method of feeding the crop off a sheep; but up to the present the or effective economical method has bethe dust mulch method. However, mud bath given by Mr. Stegget is clared to be less expensive and m effective than any of them. Tho have seen its effects declare that the will adopt it next year.
